

To support our growth and upcoming business, we are looking for a qualified and ambitious Operations/Planning Manager (m/f) for our location in Lauffen a.N.

OPERATIONS/PLANNING MANAGER (M/F)

Extricom Extrusion is part of the CPM Extrusion Group with locations in USA and China. We develop twin-screw extruders, RingExtruder, compounding systems and produce spare parts for twin-screw extruders.

As an American company with German roots, we strive for the following values in our company: Leadership, trust, agility and personal effort and entrepreneurship.

Your function:

As the Operations/Planning Manager you will be part of the management team and will directly report to our Managing Director.

You will manage the forecast and stock levels to insure good service levels. You will perform forecast evaluations for manufacturing capacity planning.

You will create a planning tool and try to maintain stability in the production planning. Production planning will be part of your daily tasks.

You will ensure and evaluate all material processes (purchasing, planning, scheduling).

You will coordinate between different departments and you will continuous be involved (or leading) different internal improvement projects.

You will keep an eye on how efficient and effective internal projects are going.

Your profile:

You have finished a bachelor or master degree in economics/engineering and you are very interested in new technology.

You have a strong knowledge of English and German.

You have several (at least 5 years) years of experience in supply chain management/production planning/operations management.

You have strong leadership and managerial skills.

You have a strong knowledge of MS office 365 and especially with MS Excel. Knowledge of SAP B1 is a plus.

You have strong communication skills and a hands-on mentality is required.

Our offer:

We offer you an exciting and varied opportunity in an ambitious working environment and attractive compensation.
